

# HURRICANE HARVEY RELIEF REBATE

**YORK® is offering a rebate\* program to all counties within the Texas FEMA Disaster Area (DR-4332).** This rebate program can be used for any YORK® or Guardian® product listed below. Rebates are organized by product efficiency:

## AIR CONDITIONERS/ HEAT PUMPS

- 20 SEER: \$250
- 18 SEER: \$200
- 16/17 SEER: \$150
- 14 SEER: (R410A) \$100
- New, high-value 14 SEER GAW: \$100

## FURNACES

- All 90+% AFUE Furnaces: \$150
- All 80% AFUE Furnaces: \$75

## RESIDENTIAL PACKAGE EQUIPMENT: \$125

## AIR HANDLERS: \$50

Visit our Harvey Relief page at [www.YORK.com/hurricane-rebates](http://www.YORK.com/hurricane-rebates) to access the online claim portal and begin the claim process. You can apply the rebate up to 60 days from installation, if you qualify. This rebate is available on applicable systems for homeowners and apartment complexes installed from September 1, 2017, to May 31, 2018.

For assistance with rebate filing through the online claim portal, call **(855) 324-3650**.

\*This rebate cannot be combined with any other Johnson Controls commercial incentives or any other consumer factory rebate offers.

## GAW SYSTEMS: A COST-EFFECTIVE ALTERNATIVE

Guardian® GAW systems are a cost-effective, high-efficiency option for replacing hurricane-damaged heating and cooling units. These systems provide a simpler alternative versus a complete indoor and outdoor system or a major retrofit. This means residents affected by Harvey can replace outdoor units rather than an entire matched system, saving time, money and ultimately helping them recover from this disaster. All GAW systems are designed, engineered and assembled in the United States and come with a full, 5-year parts and compressor warranty.
